The European Database of Libraries contains over 30,000 prominent academic, industrial, commercial, government and major public reference libraries throughout UK and Europe. We provide a direct channel through which you can impart information to named librarians who, by matching subject interests, will be interested to receive timely information from you. All our contacts are named, subject specialist librarians with budget responsibility.

Library Mailing Services

We help you to select those libraries most likely to purchase your products or services and then direct mail your chosen selection of libraries with your promotional literature. We print addresses directly onto our envelopes for fulfilment and dispatch. All response goes back to you – mostly via a library supplier. We offer free informal advice on the essentials of successful selling to libraries.

Shared Mailings

Shared Mailings (shown in this Timetable) go out very economically across the UK and/or continental Europe, on a year-round schedule. Each mailing has up to 3 publishers involved.

Pricing (as shown in this Timetable)

Shared Mailing Prices include printing and provision of envelopes, fulfilment of inserts and postage up to 30g (1.06oz) for both A5 and A4 sized material. If the combined weight of your material is over 30g, extra postage will be charged depending on the size and weight of your material.

Solus Mailings

Solus Mailings go out on a date of your choice, to your tailored selection of libraries.

Pricing

Solus Mailing Prices include envelopes and fulfilment. Postage is extra at cost and charged depending on the size and weight of your material.

Paper Size		Envelope Size	
A5	148mm x 210mm 5.8" x 8.3"	C5	162mm x 229mm 6.4" x 9"
A4	210mm x 297mm 8.3" x 11.7"	C4	229 mm x 324mm 9" x 12.8"

Library Email Service

We invite you to consider the merits of an email campaign. Campaigns are deployed on a date of your choice, either as a stand-alone campaign or as strategic support before or after a Shared or Solus Mailing.

Our Email Campaign Service includes the email data, set up and management of your HTML and

Plain Text files, managing your suppression data, testing, deploying and reporting.

As a guide we have detailed email counts per subject area – please contact us for current email counts and costs.

About Us

The European Database of Libraries Ltd, a family business, founded in 1989 by Alan Armstrong.

The database of libraries has developed over the last 25 years to provide accurate and targeted mailings and email campaigns to libraries across the UK and Europe. We pursue a sole aim, and that is to help publishers to promote their products and services into specialist libraries.

The library database contains over 30,000 named subject specialist librarians. Accuracy of information is important to us, as we constantly research, update and add records through our daily use and maintenance of the database. We do not give our library data to anyone outside the company.

The company is based in a country house set within the Hambleden Valley in the heart of the Chiltern Hills in southern England.

The European Database of Libraries has not changed ownership since it was created and retains all the original staff, accountants and bankers. The company has remained profitable each year since its conception.

Company Registration Number 3396417GB | VAT Number GB 578169588

The Libraries

For each record we have the named subject specialist librarian. We hold details of those librarians who have the purchasing decision within their subject. As well as this, we also make sure that each library has annually renewing purchasing budgets and collects in the English language.

Library Types

The libraries are categorized into library types, these being **Academic, Corporate/Industrial/Commercial, Government, Legal, Main Public Reference, Medical** and **Research** libraries.
